home!

- **Glass-front Cat Cages** provide an opportunity for curious cats and kittens to watch and get acclimated to humans.
- A **Catio** for cats to enjoy fresh air, sunshine, and exercise on warm days.
- **Community Cat Room** for cats who need extra space and socialization.
- A **Meet & Greet Room** for adopters to get to know their new friend in a quiet space.
- Separate **Intake & Holding Rooms** to allow for a more streamlined approach to getting new arrivals acclimated to the shelter.
